Funding: Currently Budgeted: XX Yes No N/A
Net General Fund Cost: \$ 700.00
Traffic Impact Fund Cost \$1,646.00
Total Amount: \$2,346.00

INTRODUCTION: This item is to request City Council review of the five provided designs for traffic calming City limit signs. Further, if consensus is obtained to move forward with one of the existing five designs, to authorize Staff to arrange for the manufacture and installation of the signs.

BACKGROUND: In response to concerns about speeding on Bodega Avenue and generally in town. Police Staff brought a Traffic Calming Staff Report before the City Council on December 1st, 2015. Among the items in the Staff Report was a recommendation to design, manufacture, and install traffic calming signs at the city limits.

DISCUSSION:
Since that time, Engineering and Police Staff engaged the services of a graphic designer. The graphic designer provided four initial designs, which were reviewed by Engineering and Police Staff and the Mayor. Based on feedback, five modified designs were created. Those five designs are attached to this Staff Report for Council.

- RECOMMENDATION:**
1. That the City Council review the attached five potential sign designs.
 2. If there is not a satisfactory design contained among the five proposed designs, provide direction to Staff on suggested modifications.
 3. If there is concurrence to utilize one of the existing five proposed designs, authorize Staff to arrange for the manufacture and installation of the signs.
