

## Resources for Flood and Earthquake information

The following links to Federal Agencies are provided that you may assess the potential dangers of flooding in our community.

The [National Flood Insurance Protection Program](#) (NFIP) is managed by Federal Emergency Management Agency's (FEMA) Federal Insurance Administration (FIA) and Mitigation Directorate.

The Federal Insurance Administration manages the insurance side, and the [Mitigation Directorate](#) oversees the floodplain management aspect of the program. Follow the [Online Tool](#) link to find Flood Maps.

### FEMA SEBASTOPOL MAP LINK

### To search by address use this link

<http://www.msc.fema.gov/webapp/wcs/stores/servlet/FemaWelcomeView?storeId=10001&catalogId=10001&langId=-1>

Visit [www.FloodSmart.gov](http://www.FloodSmart.gov) to assess your risk and contact an agent.

### California Emergency Management Agency

Use this website to discover the hazards that exist in your area and learn how to reduce YOUR risk! Remember, the best way to recover from disasters is by reducing the risks before a disaster strikes.

<http://myhazards.calema.ca.gov/>

Natural hazards are part of living in California. Having a preparedness kit will help you weather the days after a disaster, but did you know there are steps you can take that may actually reduce the risks of injuries to you and your neighbors and lessen the damage to your home?

Learn more at California Volunteer's web site "We Prepare" and the California Emergency Management Agency web site "Emergency Preparedness for Home and Business." Follow the links below.
