PUBLIC NOTICE

August 10, 2021

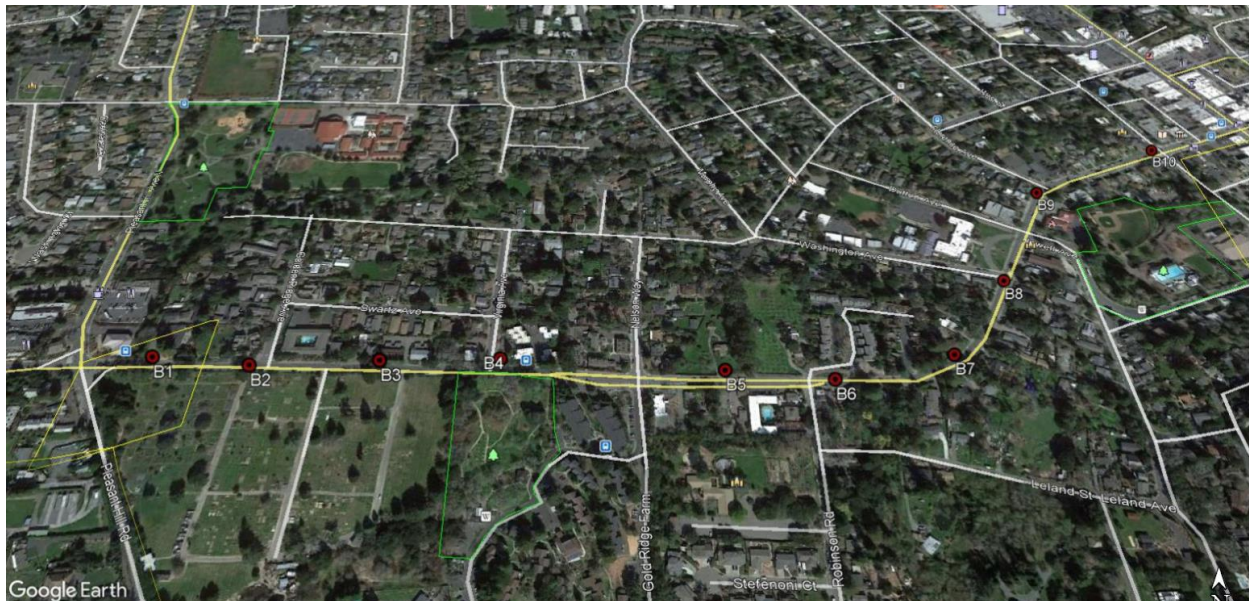

Bodega Avenue Lane Closures

The Sebastopol Public Works Department has issued an encroachment permit for soil sample boring locations on Bodega Avenue as in essential part of the requirements to qualify the Bodega Avenue Pavement Reconstruction Project for funding.

The contractor has notified the city that the work is scheduled to begin on **Monday August 16, 2021** and will require lane closures and traffic pattern shifts.

Recognizing that this heavily traveled throughfare has significant traffic flow patterns the contractor has been limited to the hours of 9:00AM to 3:00PM for lane closures.

We apologize for any inconvenience during this critical element of this future roadway reconstruction project and appreciate your patience.

Thank you,

Dante Del Prete
Public Works Superintendent
