WATER/SEWER DIRECT DEBIT AUTHORIZATION

Customers having a water/sewer account with the City of Sebastopol may have their utility bill payment automatically deducted from the checking account each billing cycle through the City's Direct Debit program. Here's how it works:

- **The City will mail the water and sewer service bill at the beginning of the month each billing period.** When the automatic direct debit is active, "AUTOPAY" will be printed on the payment coupon in the Amount Enclosed box of the bill which means you do not need to submit a payment; **the City will automatically debit your account on file on or about the 20th of the month for the entire balance due.**
- **If the direct debit is not honored by your bank,** (for example we are notified that account is closed or there are not enough funds in the account), you will be charged a service fee of \$35.00 by the City of Sebastopol. This amount will be added to your water/sewer account. It will be your responsibility to make your payment on the account, including the \$35.00 charge, before 5:00pm on final due date of the month to avoid a 5% penalty.
- **If you change bank accounts** you must complete and submit a new Direct Debit Authorization form by the 14th of the month to ensure we process the payment to the correct bank.

Please sign, date and attach a voided check to the lower portion of this authorization form. Detach and submit to the Finance Department at City Hall or mail as shown below:
