INTRODUCTION:

This item is to request the City Council Approve the Use of Council Initiative Funds to allocate funding to specific initiatives or projects.

BACKGROUND:

In fiscal year 2010-2011, the City Council Initiatives budget line item was established in the City's budget to allow the City Council to allocate funding to specific initiatives or projects. Each Councilmember is allocated 1/5 of the total budget for this line item and can be used to provide funding to Council desired initiatives and to encourage innovation that has the potential to support and contribute to the goals of Council in conformance with City regulations and policies. Each Councilmember can expend their entire allotment; transfer their funds to another Councilmember's initiative or project; or return those funds to the General Fund at the end of the year to be placed back into the City's fund balance.

Approval of any funding is required to be approved by a majority of the City Council (three affirmative votes).

DISCUSSION:

In recent years, many various programs and non-profit agencies have received funding from this account (such as Sebastopol World Friends Transportation Costs and Scholarships, Sebastopol Village Building Convergence, Analy 1-4-1 Club, Sebastopol Fire Department, City Hall/Library Landscaping, as well as purchasing equipment such as automated external defibrillator (AEDs) for the Sebastopol Fire Department and Community Center.

There are many worthwhile and valuable projects and initiatives that benefit from the allocation of these funds such as community groups and organizations that provide special activities, programs or services to the citizens of the community. As the number and variety of funding requests made to the City have increased over the years,

AGENDA ITEM NUMBER: 9

this allows the City Council an opportunity to allocate additional funds to these worthwhile organizations, projects and initiatives.

The City's adopted FY 2018-2019 budget includes a line item in the amount of \$2500 for Council Initiatives Fund. As of the writing of this staff report, no funds have been spent.

Tonight's agenda item is for Council discussion and approval of the use of the Council initiatives funds for projects, programs or initiatives that the Council may want to support and discuss at tonight's meeting. If approved, staff would prepare disbursement to those approved items.

RECOMMENDATION:

This item is to request the City Council Approve the Use of Council Initiative Funds to allocate funding to specific initiatives or projects.
