Dear Councilmembers:

I've been invited by GHD consultant Kathryn Kleinschmidt to participate in a stakeholder meeting regarding the City's Local Road Safety Plan (LRSP). I am looking forward to doing so.

Sebastopol's Bicycle and Pedestrian Master Plan (BPMP) has not been updated since 2014. With the exception of Cotati (which is doing their update in-house), most of our smaller cities are waiting until the Sonoma County Transportation Authority (SCTA) obtains county-wide funding to do their updates, which could take a year or more. I suggest that the LRSP planning process could and should include bike & pedestrian elements that could then feed into or become a BPMP, allowing the City to complete that document without either starting from scratch or waiting for SCTA.

Thank you for your consideration.

Eris Weaver, Executive Director
Sonoma County Bicycle Coalition
