

# City of Sebastopol

## Public Arts Committee Staff Report

Meeting Date: February 7, 2018  
To: Public Arts Committee  
From: Kenyon Webster, Planning Director  
Subject: Agenda Items

There are two discussion items on the February 7 agenda:

- Update on Highway 12 Bridge Public Art Project, Ned Kahn, artist. Per City Council direction, Mr. Kahn and Planning Department staff have been working with Caltrans on requirements for placement of the planned public art on two existing piers to the sides of the bridge. Caltrans had substantial issues with the reflective and kinetic elements of the prior design. Caltrans' requirements have resulted in a new design for the project, which has received a positive response from Caltrans. Mr. Kahn will provide information on the Caltrans issues and present the new design for Committee review. City Council review will also be needed.
- Request for Proposals for the next public art project, at the Sebastopol Branch Library. The Committee has been drafting the RFP; staff have incorporated the parameters of the draft into a prior standard template. The updated draft is presented for Committee review. City Council review/authorization to release will also be required.
