PUBLIC NOTICE

May 7, 2020

The removal and replacement of the street trees on the east side of the 100 block of South Main Street is scheduled to start on Monday **May 11, 2020**. These trees will be replaced with the new Main Street Crape Myrtle variety as Public Works staff continues the next phase of replacement. Fronting businesses have been notified in person by Public Works staff if they were onsite today. This work will require the use of 3 parking spaces per tree location. City staff will ensure curbside pick-up and delivery is still available for businesses. Due to the complex removal process and underground utilities within the root system this project is expected to extend into the week of **May 18th**. We apologize for the inconvenience during this process.

Dante Del Prete
Public Works Superintendent
